DECEMBER 7, 8, & 9

LEBANON COUNTY LAW ENFORCEMENT CRISIS INTERVENTION TRAINING PROGRAM

Sponsored by the Lebanon County District Attorney's Office and Lebanon County MH/ID/EI Program

The goal of this training program is to provide Lebanon County Law Enforcement Officers with tools and strategies to enhance their response to incidents involving persons experiencing mental health emergencies and/or persons experiencing a crisis situation.

This training program will provide officers with evidence-based strategies designed to stabilize incidents. This program will provide officers with the tools necessary to accurately assess potentially violent confrontations and, when feasible, defuse them with successfully applied tactics. Officers will also gain knowledge which will allow them to effectively utilize the crisis-based services available within the Lebanon County region thereby providing an environment for effective outcomes.

The first two days of training will consist of classroom lecture, group discussion and incident video analysis. The third day of training will consist of simulation and scenario-based training.

Registration Link:
